ERPSim Login Information

Login Instructions

The ERPSim will run on the **DICE** system. This is a separate system from the SUNSET system we used for homework exercises.

You will be prompted for the following to login:

Client: 400
User-ID: See below for your user ID.
Password: The initial password is "ERPSIM". You will be prompted to change your initial password upon first login.

Name	Team	Login ID
Baratam, Harshitha	A	A_1

Barai, Rohan	D	D_2
Caddell, S. Clay	D	D_3
Chaudhary, Navedita	E	E_1
Raturi, Karthik	E	E_2
Saykar, Archana Maruti	E	E_3

Note: For those of you needing to add this system to an existing GUI (e.g. you already use an SAP GUI for work), the details are as follows...

System ID: DIC
Host Name: DICE.UCC.UWM.EDU
Instance/system Number: 00

Fiori

Fiori is a web based interface to SAP. It has more advanced graphical reporting capabilities and can be used instead of the SAP GUI in this game. You can login using the following link:

http://risk.ucc.uwm.edu/erp **(http://dice.ucc.uwm.edu/erp)**
